To the Readers:

Thank you for visiting the Cal State East Bay Catalog. The 2018-2019 (Gamma) Catalog you are viewing has been published so that current and potential students can plan for their programs under the new semester-based calendar. At this point, the catalog is not considered official and some changes may occur between this "gamma version" publication and the official publication on July 2, 2018. This catalog includes courses and policies approved and information provided on or before March 23, 2018. Subsequent approvals and information will be inserted into the catalog before official publication.
