

## *US Code: American Institutions (US-1,2 & 3) Requirement*

CSU graduates are expected to have knowledge of: significant events in U.S. history; the role of major ethnic and social groups in these events; the political, economic, social, and geographic context of these events; the U.S. Constitution, U.S. political institutions and processes; the rights and obligations of U.S. citizens; the California Constitution; federal-state relations; and California state and local government, and political processes.

One American Institutions (U.S. Code) class may be double-counted to meet a GE requirement. Transfer students from institutions that allow both U.S. Code classes to double-count with GE will have those agreements honored. See the ***Requirements, Exams & Testing*** chapter for more information.
